# THE IMPACT OF DMOVISITOR GUIDES 2020-2021 DMO Visitor Guide Readership & Conversion Study

Executive Summary of Key Findings November 2021

### COOPERATIVE STUDY CONDUCTED ON BEHALF OF THE DMA WEST EDUCATION & RESEARCH FOUNDATION BY DESTINATION ANALYSTS, INC.

### WITH THANKS TO MILES PARTNERSHIP FOR ITS SUPPORT OF THIS RESEARCH

## **RESEARCH OVERVIEW & OBJECTIVES**

- Develop a profile of those who use DMO official visitor guides
- Identify the content and features most important to visitor guide readers
- Understand the effectiveness of DMO official visitor guides
- Examine the level to which DMO official visitor guides convert its readers into visitors
- Ultimately estimate the economic impact DMO official visitor guides generate for their respective communities

nalysts

• Quarterly online survey of official DMO visitor guide requestors

• 12 U.S. DMOs

• 5,691 total surveys collected between April 2020 – July 2021

## USED AN OFFICIAL DMO VISITORS GUIDE IN THE PAST 12 MONTHS

Q: In the past 12 months, have you used an official visitors publication (eg: an official vacation planning guide) from a Visitors or Convention Bureau or state or national government travel office? Source: Destination Analysts' The State of the American Traveler

## THE ECONOMIC IMPACT OF DMO VISITOR GUIDES

## RETURN ON INVESTMENT DEFINED

 Total direct visitor spending in the destination generated by the DMO visitor guide

• Alternatively, spending that the visitor guide marketing program can take credit for

## RETURN ON INVESTMENT MODEL

The surveys used in this research collected information critical to calculating economic impact, such as actual visitation to the destination after ordering the visitor guide, whether those that did visit the destination had already made up their mind to visit the destination—and how long they would stay—when requesting the DMO's visitor guide, as well as detailed information on their trip purpose and in-market spending behavior. Such data allowed for the differentiation between leisure and business/conference visitors and others and measure in-market spending by visitors influenced by the DMO visitor guide to visit or extend their stay in the destination.

The economic impact estimates derived for this cooperative research study include all direct spending in the destination by two types of visitors: those who took incremental trips to the destination and those who extended the length of their trip based on information found in the DMO visitor guide. These two visitor types are distinguished following:

- Visitors on incremental trips had not fully made up their mind to visit the destination when they ordered the DMO visitor guide and stated that the
  visitor guide influenced their decision to ultimately visit the destination. To be considered an incremental visitor, respondents who had not made up
  their mind to visit prior to ordering the DMO visitor guide must then state in a subsequent survey response that the visitors guide helped them make
  their decision to visit and that the guide was "Important" or "Very important" to their decision to visit.
- Visitors who extended their stay in the destination can be leisure travelers, business travelers or convention/group meeting attendees. Leisure
  travelers who did not state that the DMO visitor guide influenced their decision to visit the destination and all business and convention travelers were
  asked a series of questions on the influence of the DMO visitor guide on their length of their stay in the destination. Economic impact estimates for this
  group only include spending during reported "additional" days in-market generated by the DMO visitor guide.

A visual representation of the ROI model is presented on the following page.

## RETURN ON INVESTMENT MODEL

Spending by incremental visitors

Spending by visitors who extended their length of stay

## KEY ECONOMIC IMPACT FINDINGS

- Incremental trips generated by the 12 DMO visitor guides in this study: For the 145,013 persons receiving these visitor guides through direct order, an estimated 3,668 incremental trips were generated for the respective destinations. The average incremental trip lasted 4.6 days, with a reported in-market spending of \$314.11 per day. In total, the incremental trips generated by these DMO visitor guides resulted in approximately \$5,377,707 in new visitor spending in these destinations.
- Incremental spending on trips extended as a result of the 12 DMO visitor guides in this study: DMO visitor guides can also encourage longer stays in a destination and thus increase the visitor spending the destination realizes. It is estimated that an additional 4,776 incremental trips days were generated by these visitor guides from visitors who lengthened their initial intended stay in the destinations. In total, the incremental trip days generated by these guides resulted in approximately \$1,539,007 in new visitor spending in these destinations.
- Total Estimated Economic Impact: The two components described above—spending on incremental trips and additional days in market—comprise the program's economic impact as defined in this study. It is estimated that as a result of the direct order distribution of the 12 DMO visitor guides in this study, \$6,916,713 in direct visitor spending was generated for these destinations. Alternatively, given the 145,013 visitor guides distributed during the period of study between January 2020 July 2021, the ROI per visitor guide distributed to be \$48 : 1.

## Incremental Trips Generated in 2020-2021 by the DMO Visitor Guides Studied

## Extended Trip Days Generated in 2020-2021 by the DMO Visitor Guides Studied

Top 2 Box Score—% Rating Each as "Helpful" or "Very helpful"

How helpful were each of the following types of Official Visitors Guide content to planning your trip? Please use the scale from "Very unhelpful" to "Very helpful" below. Base: Respondents who visited the destination since reading the Visitors Guide, 932 completed surveys.

### **VISITORS: HELPFUL GUIDE CONTENT—BY GENERATION**

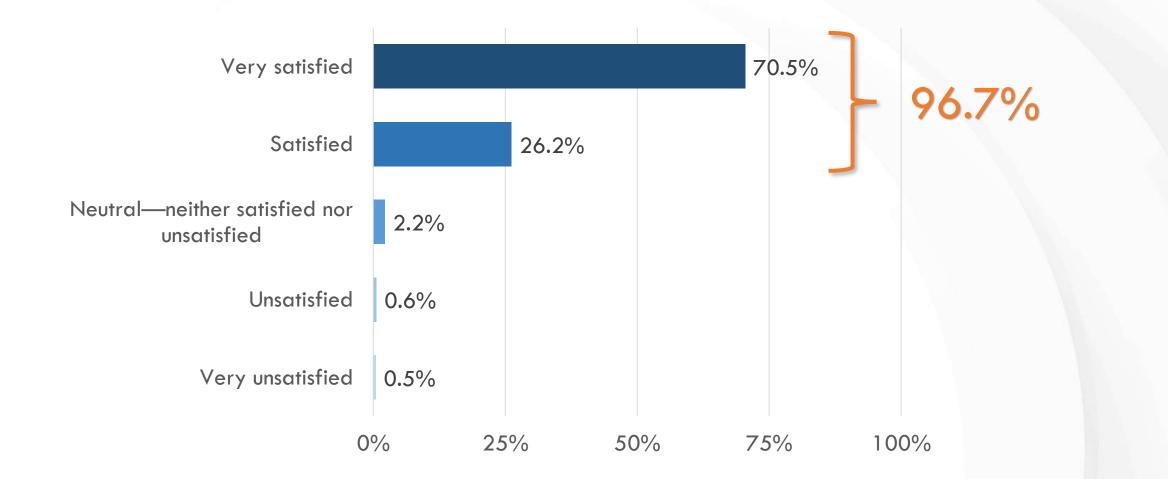

Top 2 Box Score—% Rating Each as "Helpful" or "Very helpful"

How helpful were each of the following types of Official Visitors Guide content to planning your trip? Please use the scale from "Very unhelpful" to "Very helpful" below. Base: Respondents who visited the destination since reading the Visitors Guide, 932 completed surveys.

#### **SATISFACTION WITH VISITOR GUIDE**

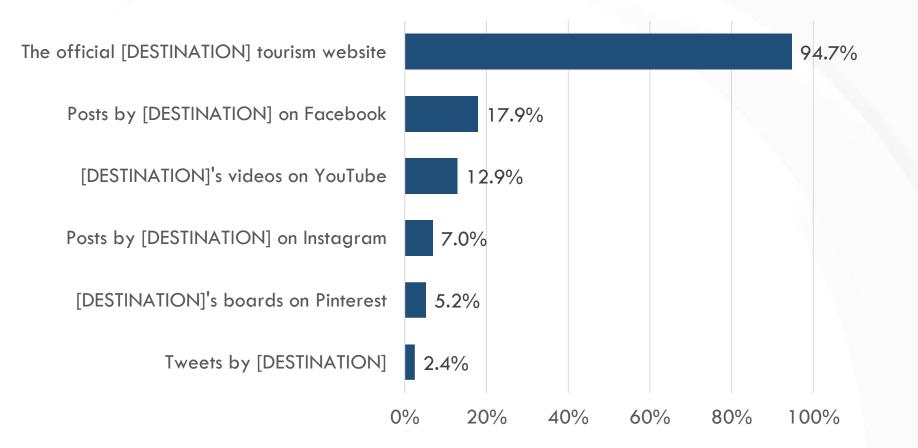

In general, how satisfied are you with the Destination Official Visitors Guide? Base: Respondents who read the Visitors Guide, 4,721 completed surveys.

## USE OF OTHER OFFICIAL DESTINATION RESOURCES

### **OTHER OFFICIAL DESTINATION RESOURCES USED TO PLAN TRIP**

Did you use any of these official [DESTINATION] resources while planning your trip? (Select all that apply) Base: Respondents who visited the destination since reading the Visitors Guide, 789 completed surveys.

## **KEY TAKEAWAYS**

TRAVEL

Official DMO visitor guides generate economic impact for their respective communities. For the 12 DMO visitor guides studied, an estimated \$6.9 million dollars was generated in direct visitor spending. This results in an ROI of \$48 per visitor guide distributed.

Millennials order official DMO visitor guides earlier in their travel planning funnel compared to older generations. Their motivations for ordering a guide were for trip inspiration and because it's free, while Gen X and Baby Boomers ordered the guide to review business listings.

Those who only review the printed visitor guide are more likely to be at a point of potential conversion compared to those who access both the print and digital versions of the guide (29.0% vs. 21.6%).

Destination 💠 Analysts

Maps and articles in official DMO Visitor Guides are the most helpful content for trip planning. 70% or more of those who visited the destination after receiving the guide considered this content helpful or very helpful.
